

Type Confusion Matrix — Final NER
(Low Cross-Type Confusion = Strong Semantic Understanding)

Source: eval_final_ner_raw.json (6,672 sentences, 8,188 gold entities) | Verified: May 4, 2026

Key Finding: Only 27 cross-type confusions (98.5% type accuracy). Most errors are missed entities (739 total). Final NER rarely confuses entity types.
